

TAS2004UC8

Single-Serve Coffee Maker

The cafe experience in a stylish, compact system. The Bosch Home Brewing System is designed with an eco-friendly, on-demand water heater for fast brewing. It's easy, too; just pop in a T DISC, and the T20 reads the barcode and brews the perfect cup of coffee, cappuccino, latte, espresso, tea, or any one of our coffeehouse style beverages. Bar code technology allows the TASSIMO machine to prepare each beverage with the exact pressure, temperature, water, and time duration, so each and every drink.

Features:

- Height adjustment and removable cup stand allows you to use the cup or travel mug of your choice
- Automatic cleaning and descaling with use of a special T DISC keeps your beverages tasting clean
- Removable cup stand and splash cover lets you customize the color to suit your kitchen
- Make Coffee, Cappuccino, Latte, Hot Chocolate, Tea & More with TDiscs (Sold Separately)
- Adjustable cup stand fits most cups, mugs & glasses
